## Table 13

There lived a grasshopper, bright and green

$$13 \times 1 = 13$$

With a body like a leaf and legs like sticks

$$13 \times 2 = 26$$

He loved basking in the sunshine

$$13 \times 3 = 39$$

In fields all day he hopped and flew

$$13 \times 4 = 52$$

He lived by a very big beehive

$$13 \times 5 = 65$$

The bees worked all day while he played

$$13 \times 6 = 78$$

The winter snow ended all the fun

$$13 \times 7 = 91$$

The grasshopper had no food in store

$$13 \times 8 = 104$$

But the bees were kind and not mean

$$13 \times 9 = 117$$

They sheltered him and kept him strong and sturdy

$$13 \times 10 = 130$$
