

TABLE - 18

APPU SERIES

Name : _____

Table 18

Toby played football for his school team

$$18 \times 1 = 18$$

Simply amazing were his passes and kicks

$$18 \times 2 = 36$$

To win the trophy for the school he swore

$$18 \times 3 = 54$$

He practiced and practiced hard all day through

$$18 \times 4 = 72$$

The goals he struck were skilled and mighty

$$18 \times 5 = 90$$

He was the hero of his team-mates

$$18 \times 6 = 108$$

But sadly one day he was hurt by a pick

$$18 \times 7 = 126$$

Poor Toby's foot was wounded and sore

$$18 \times 8 = 144$$

He couldn't play the match and so he was blue

$$18 \times 9 = 162$$

But he cheered for his team with gaiety

$$18 \times 10 = 180$$
