

## Table 2

On a big green tree, lived a cherry cuckoo

$$2 \times 1 = 2$$

On the tree she ran a little flower store

$$2 \times 2 = 4$$

The cuckoo had two fine little chicks

$$2 \times 3 = 6$$

Happily she lived with them and her mate

$$2 \times 4 = 8$$

One fine day there came many strong men

$$2 \times 5 = 10$$

The big green tree, they wanted to fell

$$2 \times 6 = 12$$

To save the tree, the cuckoo was keen

$$2 \times 7 = 14$$

She made garlands with flowers umpteen

$$2 \times 8 = 16$$

She garlanded every man who was seen

$$2 \times 9 = 18$$

The men were touched and spared the tree

$$2 \times 10 = 20$$
