## Table 4

Chunky the monkey owned a store

$$4 \times 1 = 4$$

He sold dry fruits and nuts and dates

$$4 \times 2 = 8$$

He worked hard and earned quite well

$$4 \times 3 = 12$$

But he was rather crafty and mean

$$4 \times 4 = 16$$

Foxy the fox was the king's sentry

$$4 \times 5 = 20$$

He happened to visit the store

$$4 \times 6 = 24$$

Foxy found Chunky using faulty weights

$$4 \times 7 = 28$$

He found the prices very high too

$$4 \times 8 = 32$$

He informed the king of the monkey's tricks

$$4 \times 9 = 36$$

Chunky was punished for being naughty

$$4 \times 10 = 40$$
